Notes: Names are listed in the order they were drafted on Jan. 4, 2006. An asterisk (*) indicates a keeper pick from the 2005 Death Pool and were selected before the draft. Hear the 2006 draft with this link: <http://www.coreyandjoelradio.com/Podcasts/coreyandjoelshow49.mp3>

The number in parentheses is the number of points the player will receive if the person dies on or after his or her birthday in 2006. This number the persons age subtracted from 100. For example, Dick Clark turns 77 in 2006. If he dies on or after his birthday, Corey receives 23 points (100-77 = 23). If he were to die before his birthday, he would be only 76 at his death and Corey would receive an extra point (100-76 = 24).
